Item 2. Acquisition or Disposition of Assets.

On June 30, 1995, DENTSPLY International Inc., a Delaware corporation (the "Company"), through Dentsply Ltd., a corporation registered in the British Cayman Islands and a wholly owned subsidiary of the Company ("Purchaser"), consummated the acquisition (the "Purchase") of approximately 96% of the outstanding shares of capital stock (the "Shares") of Maillefer Instruments S.A., a corporation organized under the laws of Switzerland ("Maillefer"), pursuant to a Sales-Purchase Agreement dated May 30, 1995 (the "Agreement") between certain stockholders of Maillefer (the "Sellers"), Purchaser, and the Company as guarantor. The purchase price was SFr. 11,000 cash per Share (the "Purchase Price"), with the aggregate Purchase Price for all Shares acquired in the Purchase being approximately \$66,000,000, subject to adjustment as described below.

Pursuant to the Agreement, 7.5% of the aggregate Purchase Price (approximately \$4,950,000) has been placed in escrow (the "Escrow Fund") to be subject to claims by Purchaser for a reduction of the aggregate Purchase Price based upon breaches of the representations and warranties of the Sellers under the Agreement, including a representation as to the total adjusted stockholders' equity of the Company at December 31, 1994. Any claim for a reduction of the aggregate Purchase Price must be in an amount in excess of SFr. 200,000. If no claim is asserted prior to the 90th day after the first anniversary of the Purchase, all but SFr. 2,000,000 of the Escrow Fund will be released to the Sellers; the remainder of the Escrow Fund (if any) will be released to the Sellers 90 days after the fifth anniversary of the Purchase. The balance remaining at any time in the Escrow Fund will be Purchaser's sole recourse for claims made under the Agreement.

The funds used by Purchaser to pay the aggregate Purchase Price were obtained from (i) a new \$60.0 million term loan which has the same maturity date, interest rate structure and covenants as the Company's existing \$175.0 million Bank Revolving Loan Facility, (ii) short-term bank borrowings made by a bank in the ordinary course of business and (iii) cash on hand. The identities of the banks from which the borrowings referred to in clauses (i) and (ii) of the preceding sentence were made have been omitted in accordance with Section 13(d)(1)(B) of the Securities Exchange Act of 1934, as amended, and Item 2(a) of Form 8-K, and have been filed separately with the Securities and Exchange Commission.

Item 7. Financial Statements, Pro Forma Financial Information and Exhibits.

(a) Financial Statements of Businesses Acquired. It is impracticable for the Company to provide the financial statements of Maillefer required by this Item 7(a) at the time of filing of this report on Form 8-K, and none of such financial statements are available at such time. Accordingly, in accordance with Item 7(a)(4) of Form 8-K, the Company will file the required financial statements of Maillefer in an amendment to this report on Form 8-K as soon as is practicable, but not later than 60 days after July 17, 1995.

(b) Pro Forma Financial Information. It is impracticable for the Company to provide the pro forma financial information relative to Maillefer required by this Item 7(b) at the time of filing of this report on Form 8-K, and none of such pro forma financial information is available at such time. Accordingly, in accordance with Item 7(b)(2) of Form 8-K, the Company will file the required pro forma financial information relative to Maillefer in an amendment to this report on Form 8-K as soon as is practicable, but not later than 60 days after July 17, 1995.

7.17 The Company has obtained, has acted and is acting within the authority conferred by all licences, consents, permits, approvals and authorities prescribed by any law and regulation required for the carrying on of its business operations, in particular importing or exporting any goods or products.

7.22 The Receivables, as shown in the Adapted Financial Statements, are collectable within twelve months after Balance Sheet Date, except for delays due to pleas that may be raised by customers in respect of proper performance arising in the normal course of business and based on events occurring after Completion Date and except for those Receivables in respect of which special payment terms have been granted by way of contract and which are listed in Annex 16.

7.23 The Receivables for which special payment terms have been granted are collectable in accordance with these terms.

7.24 On the Completion Date, under current interpretation of existing Swiss legislation and/or administrative regulations,

- (iii) the pollution and contamination of soil identified in the Environmental Due Diligence Report of ABCconseil SA of 19th May 1995, Section 6, p. 5 ss., relating to the site designated as "Le Creux" will not require any remediation by way of cleansing or otherwise.

For any pollution of the type described in this clause 7.24 to the extent not or not fully provided for in the Statutory Accounts and the Adapted Financial Statements, the costs (net of any value-added tax) of removal of the pollution and of any measures required under public law as well as any damage claims asserted by third parties shall be borne by the Sellers within the limits set by clause 8.3 hereof.

8. Verifications, Remedies for Claims for Guarantees

8.1 The accuracy of the guarantees given by the Sellers must be verified by the Purchaser within an Inspection Period of one year after Completion. The warranties shall be deemed to have been accepted as correct in all parts, unless a notice of defect shall have been given in writing to the Sellers before the lapse of the Notification Period, stating in detail the nature of the defect in respect of which a claim for guarantee is asserted. In the event of disagreement as to the justification of a claim for guarantees asserted, legal action must be initiated within a period of two years following Completion failing which an according claim for guarantees shall be deemed to be forfeited.

8.2 Notwithstanding anything to the contrary contained in clause 8.1 hereof, in respect of a claim for guarantees relating to fiscal, social security and environmental matters, a notice of defect must be given in writing to the Sellers and legal action initiated within a period of five years and 90 days following Completion failing which an according claim for guarantees shall be deemed to be forfeited.

8.3 In the event that a claim is asserted under a guarantee, the sole and exclusive remedy available to the Purchaser is to claim for a reduction of the Purchase Price. Claims for reduction shall not exceed an aggregate amount equivalent to 7.5 percent of the Purchase Price. To the extent that no claim for a guarantee is asserted and notified before the lapse of the Notification Period, the Seller's liability for guarantees asserted and notified during the period referred to in clause 8.2 above shall be limited to an amount of SFr. 2 million.

8.4.1 On the occurrence of any event giving rise to a claim under a guarantee of the Sellers hereunder and which results in a reduction of the Guaranteed Equity computed on the basis of the Fair Market Values, the Sellers shall fulfil their guarantee obligations by way of payment to the Purchaser of a value difference computed in conformity with subclause 8.4.2 hereof.

8.4.2 The value difference shall be the equivalent of the difference between the Guaranteed Equity and an effectively lower equity resulting from adjustments of assets or liabilities to their effective value that would be payable for 100 percent of the Shares on the basis of the Guaranteed Equity. For the purpose of verifying the Guaranteed Equity and establishing possible adjustments, the Purchaser shall have full access to the working papers of ATAG Ernst and Young underlying the establishment of the Adapted Financial Statements and the Fair Market Values and the Sellers hereby expressly authorize ATAG Ernst and Young to make their corresponding records available to the Purchaser on first request.

8.4.3 On the occurrence of any event giving rise to a claim under a guarantee of the Sellers hereunder and which is not directly affecting the Guaranteed Equity, the relevant defect shall entail a reduction of the Purchase Price equivalent to the amount of the damages suffered by the Purchaser or the Company as a result of the respective defect, provided that such damages exceed SFr. 200'000.--.

8.4.4 For the purpose of determining a reduction of the Guaranteed Equity, the accounting and valuation principles underlying the Fair Market Values shall apply except to the extent that these are based on external valuations and declarations of the management of the Company prior to the signing of this Agreement. For the sake of clarity, it is expressly agreed that, for the purpose of determining price reductions, the materiality levels underlying US-GAAP shall not be taken into account.

8.5 Subclause 8.4 shall only apply subject to the condition that the aggregate amount of value-differences measured on the basis of Fair Market Values are in excess of SFrs. 200'000.--. When computing these value-differences, the materiality levels underlying US-GAAP shall not be taken into account.

8.6.1 In respect of the Receivables the collectability of which has been guaranteed pursuant to clause 7.22 and 7.23 hereof and for which the Purchaser wishes to assert a claim under the guarantees given, the Purchaser shall cause the Company to sell to the Sellers the claims underlying the Receivables for a purchase price equivalent to the nominal value of the respective claims underlying these Receivables, and the Company is hereby granted a right of sale in respect of the Receivables towards the Sellers exercisable after the lapse of the period in respect of which the Sellers have guaranteed their collectability. In such event, the Purchaser shall claim from the Sellers payment to the Company upon the exercise of the right of

sale in respect of the Receivables by way of a release of the corresponding amount from the Escrow Account.

8.6.2 Upon the exercise of the Company's right of sale referred to in clause 8.6.1 above, the Purchaser shall cause the Company to assign the claims underlying the Receivables to Mr. Michel Maillefer for account of all the Sellers or to whom the latter may direct.

8.6.3 The Purchaser undertakes to grant the Sellers the support and access to records of the Company or of the Subsidiaries, as the case may be, reasonably required to enforce the claims so assigned.

9. Resignations and Corporate Actions

9.1 The Sellers shall, before Completion, submit to the Purchaser a letter of resignation of Messrs. Pierre Maillefer, Henri Maillefer and Fernand Jaccard as members of the Board of Directors of the Company to take effect on the date of Completion, with acknowledgement of each of them to the effect that he has no claim against the Company for fees, other indemnification or loss of office. Purchaser agrees to appoint Mr. Michel Maillefer and Pierre-Luc Maillefer as directors of the Company for as long as they are active employees.

9.2 Immediately after Completion, the Purchaser shall deliver to the Sellers the minutes of an extraordinary meeting of the shareholders of the Company held by the Purchaser in its capacity as new shareholder of the Company which shall accept the resignations of Messrs. Pierre Maillefer, Henri Maillefer and Fernand Jaccard from their office and which shall grant the withdrawing board members full discharge from the responsibilities of their office.

9.3 On Completion, the Sellers shall deliver to the Purchaser the written resignation of the persons appointed by the Sellers or representing the Sellers as employers in the pension fund of the Company.

10. Special Covenants of Sellers

10.1 In the event that the authorities having jurisdiction to supervise and enforce the Lex Friedrich were to render a binding preliminary advice to the effect that the sale of the Shares does fall under the Lex Friedrich and were to refuse the consent applied for by the Sellers to the sale of the Shares pursuant to this agreement, the Sellers undertake towards the Purchaser that they shall purchase, or cause any third party that they shall designate to purchase,

the properties which barred the granting of the authorization within a period of three months following the receipt of the final decision mentioned herein. The Sellers shall then apply for a new decision from the authorities referred to above in order to obtain an authorization to sell the Shares pursuant to this Agreement. In such a case, the Completion of the Agreement shall be postponed until such a new decision approving the sale of the Shares becomes final, but not later than 31st December 1995.

10.2 In the event of a purchase of the properties pursuant to subclause 10.1 hereof, the purchase price for the properties shall be not less than the book value as shown in the Statutory Accounts and correspond to the current value of the properties at the time of purchase which shall be determined by the Sellers on the basis of any valuation they may in their discretion deem necessary in order to minimize the tax consequences of such purchase. Any taxes, imposts or other charges resulting from or related to the purchase of the properties required to be purchased pursuant to this clause shall be borne by the Sellers by way of a price reduction equivalent to the reduction of the net equity shown in the Fair Market Values resulting therefrom.

11. Other Provisions

11.1 The Purchaser undertakes to enter into separate agreements with all shareholders that have not sold all their shares pursuant to this Agreement providing for an obligation of the Purchaser to those shareholders to purchase from those shareholders all their remaining shares for a price of SFr. 10'375.-- per share during a period of three years following Completion, provided each of those shareholders offer all their respective remaining shares for sale and also provided that they undertake to sell their remaining shares exclusively to the Purchaser during the three year period referred to above.

11.2 The Purchaser undertakes towards the Sellers that on Completion an employment agreement for an executive position shall have been concluded with Michel Maillefer essentially in the form contained in Annex 17 hereof.

11.3 The Purchaser undertakes towards the Sellers that on Completion an employment agreement for an executive position shall have been concluded with Pierre-Luc Maillefer as contained in Annex 18 hereof.

11.4 Those Sellers who are selling to the Purchaser more than 720 shares undertake towards the Purchaser that they shall not be employed or directly or indirectly hold or acquire an interest or be engaged in, or use, or license the

name "Maillefer" for any activity or business which is in competition with the business presently operated by Maillefer Instruments SA for a period of five years after the Completion. The acquisition of a non-controlling interest (in the way that all Sellers together have no joint control) in a company for investment purposes only shall be permissible.

11.5 The Sellers guarantee within the meaning of art. 111 CO that the loan granted by the Company to Mr. Fernand Jaccard shall be repaid within 30 days after Completion.

11.6 Except as required by law and clause 6.3 and 6.4 and subject to the other provisions of this Agreement, the parties undertake towards each other to observe strict secrecy in respect of the contents of this Agreement and the negotiations that have led to its conclusion. This present secrecy obligation shall survive the conclusion of this Agreement and any other reciprocal secrecy agreements or undertakings entered into by the parties to this Agreement.
