Item 2.02. - Results of Operations and Financial Condition

The following information is furnished pursuant to Item 2.02, "Results of Operations and Financial Condition."

On October 27, 2011, the Company issued a press release disclosing its third quarter 2011 sales and earnings. This earnings release references net sales, excluding precious metal content, and net income, adjusted for certain charges, both of which are considered measures not calculated in accordance with generally accepted accounting principles (non-GAAP measures). Due to the fluctuations of precious metal prices and because the precious metal content of the Company's sales is largely a pass-through to customers and has minimal effect on earnings, the Company reports sales both with and without precious metal content to show the Company's performance independent of precious metal price volatility and to enhance comparability of performance between periods. Earnings from operations, adjusted for certain charges, are presented to enhance the comparability between periods. A copy of the Company's press release is attached hereto as Exhibit 99.1 and is hereby incorporated by reference.

DENTSPLY International Reports Results for Third Quarter 2011

- Record net sales for the third quarter increased 14.4% and 14.0% excluding precious metals
- Earnings per diluted share of \$0.42 on a GAAP basis, and \$0.46 on an adjusted basis
- Astra Tech acquisition completed ahead of schedule
- Increasing fiscal 2011 earnings guidance

York, PA – October 27, 2011 -- DENTSPLY International Inc. (NASDAQ–XRAY) today announced financial results for the three months ended September 30, 2011. Net sales in the third quarter of 2011 increased 14.4% to \$619.8 million compared to \$541.8 million reported for the third quarter of 2010. Net sales, excluding precious metal content, were \$563.8 million, a 14.0% increase compared to \$494.3 million in the third quarter of 2010. The net sales growth, excluding precious metal content, was primarily the result of the acquisition of Astra Tech, which was completed on August 31, 2011. The company also had positive impacts from foreign currency exchange rates and internal sales growth excluding orthodontic and Japanese sales.

Net income attributable to DENTSPLY for the third quarter of 2011 was \$60.6 million, or \$0.42 per diluted share, representing a 4.5% decline compared to \$0.44 per diluted share in the third quarter of 2010. Earnings per diluted share in the third quarter of 2011, on an adjusted basis and excluding amortization of acquired intangible assets and other non-GAAP adjustments, were \$0.46, essentially the same as the third quarter of 2010 despite the significant headwind from the orthodontic supply disruption in Japan. A reconciliation of the non-GAAP measure to earnings per share calculated on a GAAP basis is presented on the attached table.

Bret Wise, Chairman and Chief Executive Officer, stated, "We are pleased to report another quarter of strong performance despite the orthodontic supply disruption in Japan. We are also excited to have closed the Astra Tech transaction during the quarter allowing us to begin the integration process earlier than we originally anticipated. We are pleased with the early assessment coming out of our integration efforts."

Mr. Wise went on to state, "Based upon our performance to date, our outlook for a stable global dental market, and increased confidence in the contribution from Astra Tech, we are increasing our guidance for adjusted earnings per diluted share in 2011 to a range of \$2.01 to \$2.07 per share from a comparable previous range of \$1.96 to \$2.04 per diluted share."

As shown below, this adjusted EPS guidance range excludes all amortization related to purchased intangible assets including \$0.04 per diluted share from acquisitions completed prior to July 1, 2011.

| Previous FY 2011 Non-GAAP EPS guidance | \$ 1.92 - \$2.00 |
|--|---------------------|
| Amortization of acquired intangible assets* | \$ 0.04 |
| Previous FY 2011 non-GAAP EPS guidance, adjusted | \$ 1.96 - \$2.04 |
| New FY 2011 non-GAAP EPS guidance | \$ 2.01 - \$2.07 |

* Beginning in the third quarter of 2011 the Company updated its definition of adjusted earnings to exclude amortization of acquired intangible assets.

This press release contains forward-looking information (within the meaning of the Private Securities Litigation Reform Act of 1995) regarding future events or the future financial performance of the Company that involve substantial risks and uncertainties. Actual events or results may differ materially from those in the projections or other forward-looking information set forth herein as a result of certain risk factors. These risk factors include, without limitation; the continued strength of dental markets, the timing, success and market reception for our new and existing products, uncertainty with respect to governmental actions with respect to dental products, outcome of litigation, continued support of our products by influential dental professionals, our ability to successfully integrate Astra Tech, risks associated with foreign currency exchange rates, and changes in the general economic environment that could affect the business. Non-GAAP Financial Measures

In addition to the results reported in accordance with accounting principles generally accepted in the United States ("GAAP"), the Company provided adjusted operating income, adjusted net income attributable to DENTSPLY International and adjusted earnings per diluted share. These adjusted amounts consist of GAAP amounts excluding (1) acquisition related costs and the expensing of purchase price adjustments, (2) restructuring and other costs, (3) amortization on purchased intangibles from acquisitions, (4) Orthodontic business continuity costs, (5) certain fair value adjustments at an unconsolidated affiliated company, and (6) income tax related adjustments. Adjusted earnings per diluted share are calculated by dividing adjusted net income attributable to DENTSPLY International by diluted weighted-average shares outstanding. Income tax related adjustments may include the impact to adjust the interim effective income tax rate to the expected annual effective income tax rate.

Adjusted operating income, adjusted net income attributable to DENTSPLY International, adjusted earnings per diluted share and operating tax rate are considered measures not calculated in accordance with GAAP, and therefore are non-GAAP measures. These non-GAAP measures may differ from those of other companies.

The Company believes that the presentation of adjusted operating income, adjusted net income attributable to DENTSPLY International, adjusted earnings per diluted share and operating tax rate provides important supplemental information to management and investors seeking to understand the Company's financial condition and results of operations. The non-GAAP financial information should not be considered in isolation from, or as a substitute for, measures of financial performance prepared in accordance with GAAP.
