## Report of Independent Registered Public Accounting Firm

To the Retirement Program Committee  
DENTSPLY International Inc. 401(k) Savings Plan

We have audited the accompanying statements of net assets available for benefits of the DENTSPLY International Inc. 401(k) Savings Plan (Plan) as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedule of assets (held at end of year) as of December 31, 2007 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplementary schedule is the responsibility of the Plan's management. The supplementary schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Notes to Financial Statements  
December 31, 2007 and 2006**

**Note 1 - Description of Plan**

The following brief description of the DENTSPLY International Inc. 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a contributory defined contribution plan covering all permanent full and part-time employees of DENTSPLY International Inc. (the "Company") and its wholly-owned subsidiaries in the United States who are employed in or on temporary assignment outside the United States. The Plan was established January 1, 1992, and amended, thereafter, several times. It was restated to include all amendments on January 1, 2006.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Plan Administration**

The Plan is administered by the Retirement Program Committee (the "Committee"). At December 31, 2007 and 2006, T. Rowe Price Trust Company ("TRP") was the trustee (the "Trustee") and custodian of the Plan's assets. The Committee and Trustee of the Plan are appointed by the Board of Directors of the Company. At December 31, 2007 and 2006, T. Rowe Price Trust Company was the record keeper of the Plan.

Officers or employees of the Company perform certain administrative functions. No such officer or employees receive compensation from the Plan.

**Contributions**

Each year, participants may make pre-tax and post-tax (Roth) contributions up to 100 percent of their annual compensation, as defined by the Plan, in multiples of one percent except for certain highly compensated participants who are subject to limitations. Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans. The participants may direct their contributions into several different investment options. The Company does not make matching contributions to the Plan. Effective for the 2006 plan year and beyond, the Company, at the discretion of the Board of Directors, may make a non-elective contribution to eligible participants. Contributions are recognized in the period when earned as determined by the Company's Board of Directors. Forfeitures are used to reduce the required Company contribution. As of December 31, 2007 forfeited non-elective contributions amounted to \$327,215. These forfeitures were used to reduce the 2007 non-elective contribution that was paid in 2008.

During the plan year 2007, the Plan was amended to state that the Company may amend or revoke a participants deferral election if the Company determines that such revocation or amendment is necessary to ensure that a participants annual addition for any Plan Year will not exceed the limitation of Section 5.6(b), or to ensure that the ADP nondiscrimination test is met for such Plan Year.

**Notes to Financial Statements  
December 31, 2007 and 2006****Note 1 - Description of Plan (Continued)****Service Rules**

Employees are credited with a year of service for each plan year during which they have at least 1,000 hours of service and are employed on the last day of the year, unless there is a break in service as a result of death, disability, or retirement.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, employer contributions including forfeitures and an allocation of Plan earnings (including unrealized appreciation or depreciation of Plan assets) and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their contributions and earnings thereon. If participants cease participation, other than by retirement, disability, or death, the vested interest in non-elective contributions to their accounts is dependent upon the years of credited service, as follows:

<b>Years of Service</b>	<b>Before 2007 Percent Vested</b>	<b>After 2006 Percent Vested</b>
Less than 2	0%	0%
Less than 3	0	20
3	20	40
4	40	60
5	60	80
6	80	100
7 years and after	100	100

**Payment of Benefits**

Participants are entitled to receive a distribution equal to their vested account balances upon death, retirement, termination or permanent disability. Participants may elect to receive benefits in either a lump-sum payment, or periodic installments limited in duration by the provisions of the Plan. Assets may be withdrawn by participants in the case of personal financial hardship upon approval of the Plan Administrator.

There were distributions due participants in the amount of \$1,532 and \$0 as of December 31, 2007 and 2006, respectively.

**Notes to Financial Statements  
December 31, 2007 and 2006**

**Note 1 - Description of Plan (Continued)**

**Participant Loans**

Participants may borrow from their accounts the lesser of \$50,000 or 50 percent of their vested account balance (subject to a \$1,000 minimum loan balance). Participants are charged a \$50 fee for loans, which is paid directly from their account. Loan terms may not exceed five years, except for loans to facilitate the purchase of a primary residence. The loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Participants may not have more than two loans outstanding at the same time. During the Plan year 2007, the Plan was amended to state that access to Company Non-Elective Contribution balances is subject to the financial hardship conditions required under the hardship withdrawal provisions of the Plan.

**Administrative Costs**

Significant administrative costs of the Plan are absorbed by the Company.

**Note 2 - Summary of Significant Accounting Policies**

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Valuation of Investments**

The Plan's investments are stated at fair value. Shares of registered investment companies and common stock are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Common/collective funds are valued at net unit value held by the plan at year end. The value of these units is determined by the trustee based on the current market values of the underlying assets of the common/collective trust. Further information concerning the common/collective trust fund may be obtained from their separate audited financial statements. Participant loans are valued at their outstanding balance, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Notes to Financial Statements  
December 31, 2007 and 2006**

**Note 2 - Summary of Significant Accounting Policies (Continued)**

**Investment Fees**

Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

**Payment of Benefits**

Benefit payments to participants are recorded when paid.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**New Accounting Policies**

In September 2006, the Financial Accounting Standards Boards (the "FASB") issued Statement of Financial Accounting Standards No. 157 ("SFAS 157"), "Fair Value Measurements". SFAS 157 establishes a single authoritative definition of fair value, sets out a framework for measuring fair values and requires additional disclosures about fair value measurement. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Plan does not believe that the adoption of SFAS 157 will have a material impact on the Plan's financial statements.

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities" ("SFAS 159"). SFAS 159 permits companies to measure many financial instruments and certain other assets and liabilities at fair value on an instrument by instrument basis. SFAS 159 also establishes presentation and disclosure requirements to facilitate comparison between companies that select different measurement attributes for similar types of assets and liabilities. SFAS 159 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Plan expects the adoption of this statement will not have a material impact on the Plan's financial statements.

**Notes to Financial Statements  
December 31, 2007 and 2006****Note 3 - Investments**

The Plan's investments are held by the T. Rowe Price Trust Company. The following table presents the fair value of investments. Investments that represent five percent or more of the Plan's net assets available for benefits are separately identified as of December 31:

**Notes to Financial Statements  
December 31, 2007 and 2006****Note 3 – Investments (Continued)**

	<u>\$8,059,868</u>	<u>\$4,523,818</u>

**Note 4 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA.

**Note 5 - Income Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated May 23, 2002, that the Original Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended and restated since receiving the letter, the Plan administrator and the Plan's advisors believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

**Note 6 - Related Party Transactions**

During 2007 and 2006, certain Plan investments were shares of registered investment companies and a common trust managed by T. Rowe Price Trust Company. In addition, the Plan offers an investment in DENTSPLY International Inc. Stock. The transactions in these investments are party-in-interest transactions which are exempt from prohibited transaction rules of ERISA.

On May 10, 2006, the Board of Directors of DENTSPLY International Inc. declared a 2-for-1 stock split in the form of a 100% stock dividend, paid on July 17, 2006, to stockholders of record on June 26, 2006. Purchases made by the Plan for the investment in the Company's common stock amounted to \$2,971,087 and \$2,266,326 for the years ended December 31, 2007 and 2006, respectively. Sales made by the Plan for the investment in the Company's common stock amounted to \$3,041,137 and \$2,154,274 for the years ended December 31, 2007 and 2006, respectively.

**Notes to Financial Statements  
December 31, 2007 and 2006****Note 7– Return of Excess Contributions**

The Plan distributed a total of \$13,032 in March 2008 to affected Participants in order to correct a violation of the ADP test. The excess contribution was \$11,454 and the related earnings thereon were \$1,578.

**Note 8 – Risks and Uncertainties**

Investments of the Plan are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment assets reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**Note 9– Subsequent Event**

During the plan year ended December 31, 2008, the Plan was amended pursuant to the Pension Protection Act of 2007, whereas, non-spousal beneficiaries of a deceased participant may elect a direct rollover to an IRA.

**Note 10 – Reconciliation of Financial Statements to Form 5500**
